2011 SMALL GRANT GUIDELINES AND APPLICATION

The Susan G. Komen for the Cure, Virginia Blue Ridge Small Grants program allows the affiliate to fund short-duration programs, conferences and travel scholarships that meet our priorities.

Komen Virginia Blue Ridge Affiliate is seeking to fund the following types of programs:

- Innovative programs that address **changing behavior and increasing the yearly mammography rate in all women over 40.**
- Initiatives that will **fill gaps and address disparities among communities and population groups**

Special consideration will be given to applications proposing to serve the highest priority communities and population groups, as indicated by the recently completed **Community Profile Report**. (Please refer to the Community Profile Report power point presentation, found on the komenroanoke.org website)

- This includes the **City of Roanoke, Henry County, and Pittsylvania County**. These three locales have lower screening rates, and correspondingly higher percentages of Stage III and IV cancers.
- The Virginia Blue Ridge Affiliate also seeks to support screening programs that target **African American women** in the entire service area.
- The Affiliate also seeks to support programs that provide breast cancer education to **women between the ages of 19-45**.

Restrictions: Current grantees are not eligible to apply. Organizations may submit multiple small grant applications throughout the year; however, once funded, a program may not resubmit for additional funding within the same fiscal year. Rejected proposals may be resubmitted for a second consideration within the same fiscal year, but will not be considered a third time. Program activities must occur within the Virginia Blue Ridge Affiliate Service Area. Funding awards require a signed agreement and grantees must meet contractual obligations.

The Affiliate will consider Small Grants applications on a rolling basis throughout the year. Funding decisions will be made based on Affiliate priorities, quality of the application, and budget allowances. Once all available funds have been distributed for a given calendar year, we are unable to award more funds during that year. Should unexpected additional funding become available, new grant awards will be considered in special circumstances.

Award notifications are generally made within 6-8 weeks after receipt of the application, so plan your submission accordingly.

Please note that applications must be submitted electronically to be considered. Award notifications are generally made within six weeks after receipt of the application.

Please submit all applications to:
